

Form RC-15**INSTRUCTIONS FOR WOMEN WORKING WITH RADIATION**

I have received verbal instructions concerning the potential risks involved for pregnant women exposed to radiation, including a copy of U.S. Nuclear Regulatory Commission Regulatory Guide 8.13, "Instruction Concerning Prenatal Radiation Exposure."

The radiation safety officer (RSO) has encouraged me to ask for additional information if needed, and I am aware that the RSO is available to answer any questions I may have regarding the issue of radiation exposure to an embryo/fetus.

I am also aware that radiation safety specialists from the Florida DOH Bureau of Radiation Control (850/245-4545) are available to answer my questions, and can provide additional information.
